Administrative Amendment to  
Part 70 Permit 103-7638-00021

Dear Mr. Patterson:

Trelleborg Automotive, Peru Division was issued a Part 70 operation permit on June 30, 1999 for an automotive parts manufacturing plant located at 2935 West 100 North, Peru, IN 46970-9032. A letter requesting a revision was received on August 14, 2003. The request was made to add one natural gas fired Infracore oven rated at 1.2 million Btu per hour.

Pursuant to the provisions of 326 IAC 2-7-11(a)(7), the addition of the oven is hereby acknowledged. No revision of the permit was necessary to accommodate the oven, since it is classifiable as an insignificant activity under 326 IAC 2-7-1(21) that is not specifically regulated. All conditions of the permit shall remain unchanged and in effect. Please attach a copy of this letter to the front of the original permit.

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Allen R. Davidson at (800) 451-6027, press 0 and ask for extension 3-5693, or dial (317) 233-5693.

Sincerely,
